

# HELP JOHN P. STEVENS HIGH SCHOOL

## WIN \$100,000!

## All you need to do is VOTE!

### What is the money for?

John P. Stevens High School students will collaborate with engineers and architects to design solar panels to be placed on the JPS Farm Stand and Greenhouse. Students will also code and develop an App that will gather data on the amount of energy gathered.

### Our goal is to address two community issues:

- lack of affordable organic food &
- high costs of electricity

# VOTE!

### Our program hopes to...

- help reduce hunger in the area by providing healthy organic food choices to the community at low cost
- teach the student body the importance of making good food choices and sustainable farming. [Learn more...](#)

1. Go To: <https://www.farmers.com/thank-americas-teachers/vote-for-a-teacher/>
2. Choose "[Vote for a \\$100,000 Proposal](#)"
3. Search Edison, NJ
4. Vote for *Laura Holborow, John P. Stevens HS "Lighting the Way to Better Food."*
5. Add your email address and submit.
6. Access your email account, open the email from *Thank America's Teachers* and submit your vote.
7. Complete the same steps to vote for Amanda Coupland, John P. Stevens HS Teacher, to support the Draft Program for the \$2,500 award.
8. Vote **EVERY DAY** until October 30th! Please share this information with friends, family and on social media outlets. The 5 schools with the most votes will win \$100,000!

## THANK YOU FARMERS INSURANCE FOR THIS GREAT OPPORTUNITY!
